Experience the traditional Japanese Kumihimo technique of braiding a “Kano Musubi” knot. You can enjoy craftmaking while drinking tea as a souvenir of your trip!

Choose any color of braid and stones and make a charm for your bag or other accessories.

The shapes that forms the Kano Musubi knot resemble the Japanese character for Kano (叶), which has the wonderful meaning of “making a dream or wish come true”, and is well-known as the knot that is used on shrine amulet bags. Under bright lights made of famous Shigaraki-yaki pottery, our cheerful staff will carefully teach you the skills (Time: 30 minutes).

The shop also sells Kumihimo jewelry at reasonable prices. Our giant artistic wall that uses over 70m of kumihimo braids can also be an Instagram spot! Please feel free to come and have a look.
