In the relaxed surroundings of the suburbs of Kyoto, learn the technique and culture
of sword forging from Yuya Nakanishi, a certified professional swordsmith - the only
one left in Kyoto Prefecture.

After looking at the Japanese swords he owns and learning how to appreciate their
value, you will forge a knife for everyday use. Repeatedly heating and hammering, you
make a blade with the preferred shape made of strong and tough metal. Several courses
are available depending on the schedule (half day/one day). You
will no doubt be amazed at the sophisticated process of making
blades and the beauty of the finished work.

*Although these are private lessons,
there may be times where you will be
learning with other people, depend-
ing on the number of participants.
